Financial Accounting Minute: 0001/2022

To: Superintendent-General, Deputy Directors-General, Chief Directors, Directors (Head Office and district offices), Heads of all subdirectorates and divisions, and finance personnel

Subject: Basic Accounting System (BAS) – Closing procedures for the 2021/22 financial year

1. Introduction

In terms of section 40(1)(c) of the Public Finance Management Act, 1999 (Act 1 of 1999), the Western Cape Education Department (WCED) **must** submit annual financial statements to the Auditor-General by 31 May 2022. For the 2021/22 financial year, which ends on 31 March 2022, it is necessary to close the WCED's books before 29 April 2022. The envisaged closing date is **22 April 2022**. Forced closure will be activated by the National Treasury if a department fails to close its books on time. For this reason, an urgent appeal is made to all parties to take note of the following arrangements to ensure that the requirements are met.

2. Payments on BAS/LOGIS/BASIS for March 2022

The Directorate: Management Accounting (DMA) has confirmed to all role players via email that it will manage the process in respect of payments for BAS, LOGIS and BASIS interfaces for the 2021/22 financial year, with effect from 18 March 2022.

3. Transport and subsistence (T&S) advances and claims

T&S advances do not affect the closing of the financial year, but the normal BAS payment run dates will still apply. However, because T&S expenditure is charged against voted funds only once the claim has been processed, it is important that all claims outstanding for the 2021/22 financial year be submitted before 18 March 2022. Any late claims will be charged to the 2022/23 financial year. Advances requested after 08 March 2022 are discouraged but will be considered in exceptional circumstances where service delivery will be adversely

affected. All differences, in the event of a claim being less than the advance, must also be repaid immediately.

4. **Receipts (districts and Directorate: Financial Accounting)**

All offices responsible for issuing BAS receipts must ensure that receipts for March 2022, irrespective of deposit date, are accounted for in the accounting month (March), and that all pending receipts have been allocated on BAS. Authorisers must also ensure that all cancelled receipts are duly authorised.

5. **Petty cash expenditure (districts and Directorate: Financial Accounting)**

All petty cash expenditure up to 31 March 2022 must be accounted for during March 2022.

6. **Accounting month: March (districts, Directorates: Financial Accounting and Procurement Management)**

It is imperative that the correct posting date is always used on BAS, especially when journal entries in respect of corrections for the 2021/22 financial year are being captured during April 2022. All authorisers must also ensure that journals captured for March 2022 are authorised timeously within their workflows.

7. **Outstanding transactions on BAS**

All outstanding transactions with a status of *open reject*, *to be rejected*, *incompl*, *tobeact*, *tobeau* and *rejauth* must be maintained, authorised or cancelled. An outstanding transactions report per functional area (payment, journals, etc.) can be requested on BAS at the reporting function (*Other Reports*). The responsible users can be identified from this report for the purposes of finalising outstanding transactions. Alternatively, an outstanding transaction enquiry dialogue can be viewed for outstanding transactions in the Creditor Payment functional areas. The due date for the clearance of outstanding transactions is **18 March 2022**.

8. **BAS interfaces and exceptions (Directorate: Financial Accounting)**

The responsible officials must ensure that all bank and PERSAL interface exceptions are cleared before final closure. The BAS Systems Controller must ensure that all PERSAL runs have interfaced with BAS and that the bank interfaces have taken place.

9. **Assets and liabilities accounts (Directorate: Financial Accounting)**

In order to disclose assets and liabilities accounts correctly in the financial statements, it is imperative that the necessary steps are taken to clear these accounts to reflect the correct balances, e.g. credit balances on debt accounts. In instances where debit amounts do not relate to credit amounts (and vice versa), these debits and credits must be specified and

Western Cape Education Department

aged separately by the responsible officials for the purpose of the financial statements. In this respect, the necessary supporting documentation must also be submitted. In the case of investment accounts for special funds, the balances must be reconciled for final statement purposes.

10. **Claims payable and claims receivable (Directorate: Financial Accounting)**

10.1 In respect of amounts owed by and to other departments, it is a requirement that certificates of confirmation of amounts outstanding are submitted for audit purposes for each department with whom the WCED has transacted.

10.2 The confirmation letters must be sent out after year end (14 April 2022) and returned by no later than 25 April 2022, to enable departments to submit this information to the Provincial Government Accounting Services of the Provincial Treasury by **15 May 2022** and to disclose the correct balances in their financial statements. See National Treasury Instruction 13 of 2020/21, dated 07 December 2020, in this regard.

11. **Revenue pay-overs (Directorate: Financial Accounting)**

All revenue received for the 2021/22 financial year should be allocated and paid over to the Provincial Revenue Fund by the date that the Auditor-General signs off on the WCED's annual financial statements.

12. **Closure of the financial year (Directorate: Financial Accounting)**

The closure of the workflows for the 2021/22 financial year, ending 31 March 2022, will take place on **21 April 2022**. This means that only the Accounting Control Section of the Directorate: Financial Accounting will be able to process further adjustments (journals) for March 2022 before final closure, which will take place on **22 April 2022**. All BAS users are requested to ensure that all the necessary adjustments are authorised by **21 April 2022**. The audit final closure will take place only after the auditing of the WCED's financial statements has been completed by the Office of the Auditor-General.

13. Your cooperation regarding the requirements of this minute will be appreciated.
