Curriculum GET Minute: 0009/2023

To: Deputy Directors-General, Chief Directors, Directors, Heads: Curriculum Support, Circuit Managers, Deputy Chief Education Specialists, Foundation Phase Subject Advisers, Principals, and Departmental Heads of ordinary public schools

Subject: Rollout of a structured English Home Language Literacy Programme based on the Science of Reading in Foundation Phase

1. In 2019, the Western Cape Education Department (WCED) decided to follow a differentiated language approach for each of the three Home Languages in the province. This was based on the outcomes of the 2011–2019 Systemic Test results as well as the 2016 Progress in International Reading Literacy Study results.
2. In-depth research was done on the science of reading. This research led to a decision to follow a synthetic phonics approach to teaching reading in the Foundation Phase.
3. The WCED partnered with Universal Learning Solutions in 2019 and rolled out the *Jolly Phonics* programme. Further training is now needed in the science of reading to strengthen the synthetic phonics approach to reading and writing.
4. The training aims to strengthen reading and comprehension in English Home Language in the Foundation Phase. This forms part of the Western Cape's reading strategy and WCED's five-year strategic plan.
5. All Grade 2 teachers in selected districts were trained in April 2023.
6. This minute serves to notify schools that Grade 3 teachers in selected districts will also receive training in the science of reading in 2023, for implementation in 2024.
7. Grade 3 teachers will be trained from 12–14 December 2023. All Grade 3 teachers teaching English Home Language in the selected districts are required to attend the training.
8. Districts will communicate the details and venues of this training in advance.

9. For further information, please contact the relevant district Foundation Phase coordinator:
