

File no.: 24/4/1
Reference: 20240318-2598

eLearning Minute: 0002/2024

To: Deputy Directors-General, Chief Directors, Directors (Head Office and district offices), Heads: Curriculum Support, Circuit Managers, Deputy Chief Education Specialists, FET Coordinators, Subject Advisers, and Principals of schools offering Grade 12

Subject: National Senior Certificate bank of interactive questions and answers

1. In support of providing learners who will be writing the National Senior Certificate (NSC) examinations with relevant material with which to prepare, an interactive library in question-and-answer (Q&A) format, based on past NSC question papers, is available on the Western Cape Education Department Learning Management System (LMS). (See <https://wcedelearn.westerncape.gov.za>)
2. This bank of questions and answers relates to NSC question papers between 2008 and 2023 and covers *Curriculum Assessment Policy Statement* subjects in both English and Afrikaans. Learners are presented with an opportunity to test their responses to the questions and they are provided with immediate graded feedback.
3. These Q&A resources are based on section one of past papers in both multiple choice, matching column and short answer formats and could be used as part of catch-up classes, for revision purposes or as directed by subject teachers.
4. The available subjects are listed in the attached annexure. (**See Annexure A.**)
5. To access these resources, Grade 12 learners require login credentials, available from CEMIS in a process outlined below. This will ensure that the learners have direct access to the Q&A resources that are currently available to match their subject choices.
6. The learner login details are available on CEMIS, under the menu item marked "**Reports**", and then under the sub-menu marked "**LMS**". **Learner log-in details** can then be shared with each Grade 12 learner.

7. A step-by-step guide is provided to assist users to access these Q&A resources. (**See Annexure B, B1 and B2**)
8. Should you require additional information or support, please contact your district eLearning advisers using the link below:
<https://wcedonline.westerncape.gov.za/elearning/elearning-contact-your-elearning-advisor>.
9. Principals are requested to bring the contents of this minute to the attention of all teachers and learners.
