Question 2

- In the South African section the choice of artists for each question must be carefully selected. Learners offered inappropriate artists in their answers.

RECOMMENDATIONS TO TEACHERS

- Do not treat the SG learner like the Higher Grade learner who just writes a weaker essay.
- The SG learners should feel confident that they have a basic core of facts for each section:

Influences

Stylistic characteristics

At least 2 artworks each by 2 artists.

- The learner must be taught that he/she must comment on the visual provided.
- The learner must try to apply his/her facts to the specific issue posed by the question.
- Encourage your learners to write at least 2 pages for each essay.

TRAINING

A workshop for all educators who teach SG Art could result in much improved results.
