

Techno-teaching

**What does this
entail?**

By integration of technology and teaching.

It is a simple yet complex solution to the new age of teaching.

It takes what older generations of teaching has put into place and revolutionizing teaching and learning.

How does technology in classrooms benefit the teacher and learner?

1. It can enhance interaction and increase student engagement.
2. Mobile Apps help in systemic learning.
3. Mobile learning is accessible any time, any place.
4. Increases the teacher/learner feedback and response.
5. Apps can enable the teacher to decrease their paperwork.

Utilizing Google Apps in the classroom

How do these Applications on Google help us?

The screenshot shows a social media interface for a group named "Beacon Hill Warriors". At the top, there is a navigation bar with icons for home, messages, activity, calendar, and notifications. Below this is a search bar and a profile header for "Beacon Hill Warriors" with the user "Jade Allen | Language Arts · 10th Grade". The main content area shows a post creation form with tabs for "Note", "Assignment", "Quiz", and "Poll". The "Note" tab is selected, and the text input field contains "Type your note here...". Below the input field are options for "Show Formatting Options" and "Schedule Your Post". A red tag "Beacon Hill Warriors" is visible in the input field. At the bottom of the form are icons for adding images and links, and buttons for "Cancel" and "Post". Below the form, there is a filter option "Filter posts by" and a post by "Jade Allen" with a profile picture and the text "Jade Allen posted to Beacon Hill Warriors Teacher at Beacon Hill High".
