Annexure A
INTRODUCTION

The Western Cape Government (WCG) is implementing an Enterprise Project Management (called BizProjects) system across all Departments. This implementation aims to deliver a consolidated project and portfolio management solution that will address the central government and departmental requirements in a flexible and structured manner while delivering against the various governance structures within all levels, in provincial and national departments.

SYSTEM INTEGRATION

As government employees we need to ensure that our work is focused on serving the people. We have embarked on an initiative to ensure that projects, performance and data trends can be tracked so that we can measure results. This will help us to be accountable to the people who live in this province. To help us to improve the measuring, and therefore managing of performance electronic systems are developed to underpin the Province-Wide Monitoring and Evaluation System (PWMES).

The PWMES incorporates the following systems:

- **Biz Performance**: Captures and tracks the departmental annual performance plans, including their output indicators;
- **Biz Projects**: Captures and manages the transversal strategic and departmental projects; and
- **Biz Brain**: Through data integration, enables transversal reporting on data and information extracted from both the preceding systems as well as strategic data and information relating to the policy context of the WCG.

BizProjects

The 'Biz' systems are aimed at creating an easy, automated, and integrated system for province-wide monitoring and evaluation. This will help us; as the WCG will have a unified way of monitoring and reporting province-wide performance. We will be in a better position as together we will be able to use the performance information further analysis and evaluation that will improve service delivery.

Embrace your Biz Systems and you will increase your team's productivity.
1 **ROLES MATRIX**

The following Matrix illustrates the different roles within the BizProjects workflow from the project initiation to the project execution phase:

<table>
<thead>
<tr>
<th>Tasks</th>
<th>PPO</th>
<th>PSG</th>
<th>Secretary</th>
<th>DPO</th>
<th>PM</th>
<th>ICDD</th>
<th>PD Owner</th>
<th>Output Owner</th>
</tr>
</thead>
<tbody>

</tbody>
</table>

2 **PRE-REQUISITES**

The following list are pre-requisites for BizProjects:

- Laptop or Workstation that can connect to the network
- For Access to BizProjects - Contact your Departmental Project Office (DPO)
- Microsoft Internet Explorer 8 or Higher (Browser Mode - Compatibility View)
This document defines how the project is executed, monitored and controlled. The project manages the workplan or project plan in the WCG's project management methodology.

Section A: Project Context

In the WCG BizProjects context, the project charter is not a stand-alone document but forms part of the BizPro template and provides the 'Project Context' that is started in the 'Initiate' Phase and is completed and approved. However, the project charter is covered in this Guide as it is a key product of the PMBOK PPM methodology (BizProjects).

Section D: Project Planning Factors

Benefits:

Assumptions:

Constraints:

Exclusions:

Dependencies:
Section E: Challenges

The following challenges were listed.

<table>
<thead>
<tr>
<th>Title</th>
<th>Challenge/Date</th>
<th>Solution</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Section F: Deliverables

Any unique and verifiable product, result or capability to perform a service that must be produced to comply known as a work product).

<table>
<thead>
<tr>
<th>Title</th>
<th>Deliverable Start</th>
</tr>
</thead>
<tbody>
<tr>
<td>Deliverable 1</td>
<td>2016/04/1</td>
</tr>
<tr>
<td>Deliverable 2</td>
<td>2016/04/1</td>

<tr>
<td>Deliverable 3</td>
<td>2016/04/1</td>
</tr>
<tr>
<td>Deliverable 4</td>
<td>2016/04/1</td>
</tr>
</tbody>
</table>
Section G: Issues

A point or matter in question or in dispute. It is a formally defined matter that may impede project progress.

<table>
<thead>
<tr>
<th>Title</th>
<th>Assigned To</th>
<th>Status</th>
</tr>
</thead>
</table>

Section I: Risks

An uncertain event or condition that, if it occurs, has a positive or negative effect on a project’s objectives.

<table>
<thead>
<tr>
<th>Title</th>
<th>Description</th>
<th>Category</th>
<th>Origin</th>
</tr>
</thead>
</table>

Section J: Spatial Location

Spatial Locations linked to the projects and deliverables.

<table>
<thead>
<tr>
<th>Title</th>
<th>Location Type</th>
<th>District</th>
<th>Local Municipality</th>
<th>Main Place</th>
<th>Plan</th>
</tr>
</thead>
<tbody>
<tr>
<td>4 Dorp Street</td>
<td>General Location</td>
<td>City of Cape Town</td>
<td>City of Cape Town</td>
<td>Cape Town</td>
<td>Cape CBD</td>
</tr>
</tbody>
</table>
Section K: Communication Plan

A communications plan, in project management, is a policy-driven approach to providing stakeholders with information. It formally defines who should be given specific information, when that information should be delivered, and what tools will be used to deliver the information.

<table>
<thead>
<tr>
<th>Who</th>
<th>What</th>

This document defines how the project is executed, monitored and controlled. The project management plan (PMP) is also referred to as the workplan or project plan in the WCG’s project management methodology.

**Section A: Project Context**

In the WCG BizProjects context the project charter is not a stand-alone document but forms part of the BizProjects Project Management Plan (PMP) template and provides the ‘Project Context’ that is started in the ‘Initiate’ Phase and is completed and approved at the end of the ‘Plan’ Phase. However, the project charter is covered in this Guide as it is a key product of the PMBOK PFM methodology and would be used in the absence of BizProjects.

Section D: Project Planning Factors

Benefits:
The demand for continuing professional development in ever changing and developing school environment can only be addressed through innovative, relevant ad practice based competency development. Although progress can be measured in terms of output and outcomes, there can never be a point of satisfaction or saturation.

Assumptions:
Availability of the School Management

Constraints:
Budget constraints
Participation levels of target group;
Limited facilitation capacity in the system.

Exclusions:
Post course follow-up.

Dependencies:
Availability of the School Management
Section E: Challenges

The following challenges were listed.

<table>
<thead>
<tr>
<th>Title</th>
<th>Challenges Date</th>
<th>Solution</th>
<th>Is Active</th>
</tr>
</thead>
<tbody>
<tr>
<td>The biggest challenge facing the project, is recruiting the correct target audience for all interventions.</td>
<td>3/30/2018 12:00:00 AM Districts to ensure that they understand the registration system and approve the correct applications for courses.</td>
<td>True</td>
<td></td>
</tr>
</tbody>
</table>

Section F: Deliverables

Any unique and verifiable product, result or capability to perform a service that must be produced to complete a process, phase or project. (Also known as a work product).

<table>

WESTERN CAPE EDUCATION DEPARTMENT

EVALUATION PLAN
2017 – 2020
FOREWORD BY ACCOUNTING OFFICER

This is the first WCED three-year Evaluation Plan. Because it is prepared in a climate of economic stringency and represents the first steps by this department into this formal process, the plan is for the use of internal agents to conduct the evaluations.

The internal participants will complete formal training in evaluation and be supported by other internal sections, such as the Directorate: Research.

In the first set of evaluations targeted two of them will be of Conditional Grant projects and the third will be of a Living Lab", introduced under the Provincial Strategic Goal 2.

Details are spelled out in the document that follows.

The WCED supports this formalisation of evaluations, within the context of the DPME Evaluation Guidelines, and will formally add to or revise plans when this is deemed fit.

1. EXECUTIVE SUMMARY

The WCED Evaluation Plan for 2017 – 2020 sets out the intentions of the national evaluation planning model in general terms and places the WCED plan in context of its own Monitoring and Evaluation Policy.

It notes the Provincial Strategic Plan and the WCED’s own three Strategic Goals and demonstrates that the three projects identified for Evaluation are directly linked to the three goals of the Department.

**3 Goals of WCED and Objectives of Provincial Strategic Goal**

- Improve Language and Maths
- Improve Grade 12 results
- Improve education provisioning in poorer communities
- Evaluation of Maths, Science and technology Grant
- Evaluation of Plan to Improve Maths and Language in 104 schools (Gr.R - 3)
- Evaluation of School Nutrition Plan
2. INTRODUCTION TO WCED EVALUATION SYSTEM

2.1 Introduction

2.1.1 The main functions of the Western Cape Education Department are to provide
- Curriculum and Assessment support.
- Administrative and financial support systems.
- Institutional development and support systems, structures and programmes.

2.1.2 Vision
Creating opportunity for all through improved education outcomes.
This is given expression through the three over-arching goals:
- An improvement in the level of language and mathematics in all schools
- An increase in the number and quality of passes in the National Senior Certificate
- An increase in the quality of education provision in poorer communities

2.1.3 Mission
To provide quality education to all learners in the province through the following:
- Overall planning for, and management of, the education system;
- Education in public ordinary schools;
- Support to independent schools;
- Education in public special schools;
- Early Childhood Development (ECD) in Grade R;
- Training opportunities for teachers;
- A targeted food programme and other poverty alleviation and safety measures; and
- Support to teachers through provision of basic conditions of service, incentives and an employee wellness programme.
2.2 Department’s approach to evaluation

The WCED has a Research Directorate, which falls inside the Chief Directorate Business Intelligence Management. The Directorate Business Strategy is responsible for facilitating planning and reporting and has the facilitation of monitoring and evaluation as part of its functions. There is also a Directorate for Quality Assurance, one for Policy Co-ordination and one for Knowledge and Information Management. Together these directorates form the Chief Directorate Business Intelligence Management.

The general approach of the WCED is captured in its Monitoring and Evaluation Policy (dated 2012) as follows:

ACCOUNTABILITY
Each employee of the WCED, as a state–employed official, shall be accountable for the programme, project or task[s] assigned to him or her within the duties of his/her function and as such for the planning, monitoring, evaluation and reporting on such activities.

CONCEPT DESCRIPTORS
All elements of planning and practice are integrally interrelated with the need to monitor and to evaluate in order to improve on the planning and the execution in the next round. This section will detail some of the key concepts in an M and E framework.

Indicators, or performance indicators, are the drivers of an organisational Monitoring & Evaluation System. The World Bank defines an indicator as something that measures the progress of activities, or changes resulting from activities. The indicator tracks whether a change is in the desired direction and whether the objective will be achieved. Indicators can therefore be utilised for different purposes:

- to measure compliance;
- to diagnose problems;
- to determine progress and ultimately
to measure whether the actions or programmes have the desired impact.

Monitoring is the means whereby an organisation tracks progress on strategic objectives. Monitoring needs to take place regularly within the timeframes planned for it to detect factors built into the system that can impact on service delivery. Monitoring includes site visits for verification purposes and to verify information provided. The monitoring system needs to be supported by effective record-keeping systems and databases. Monitoring is the process of
regularly collecting information to check on the status of programmes. It provides an indication of progress or lack thereof. Information that is collected for the purpose of monitoring should be done in a planned, organised and systematic manner.

The process of monitoring starts at the beginning (planning) of a strategic activity and continues during the life of the activity at various intervals. Depending on the nature of the activity, monitoring can be done daily, weekly, monthly or even annually. Monitoring, therefore, is a continuous process of collecting and analysing data to compare how well an activity, i.e. a project, program, policy or task, is being implemented against expected results.

The word monitor derives from the Latin word monere, to warn; for nearer or warning.

**Evaluation** is the process of assessing progress towards the achievement of an outcome. When evaluating, the results that are obtained from regular and systematic monitoring are used to make judgments and to make changes if necessary.

Ongoing evaluation (during implementation and measuring progress) is referred to as formative evaluation and is linked closely with monitoring. The timeframe and the objectives for the formative evaluations are clearly specified at the beginning of an activity. The results of the formative evaluations feed into the final summative evaluation at completion of the activity. Evaluations not only answer questions but should provoke discussions and provide a forum to present new ideas and ways of doing things. Thus, evaluation is the assessment of how well a project, program or strategy achieved its objectives.

Summative evaluation or impact assessment is a systematic, objective assessment of the appropriateness, effectiveness and efficiency with which a strategic objective is achieved or not, and can only be attained through continuous monitoring and evaluation.

Summative evaluation, where the impact of the organisation’s strategic activities and programmes is measured, should take place at least annually. The timeframe should be such that the information can be strategically utilised in the annual strategic planning and budgeting processes.
Reporting should include the beneficiaries of the strategic programmes to allow them to contribute into future processes. Reporting should take place in different formats during the monitoring and evaluation process for evaluating measurement against indicators using data collected.
Annexure D
Annual Performance Plan
2018/2019 - 2020/2021
Notes:

1. Navigation and Interpretation of this Document

The WCED Annual Performance Plan (APP) should be read with the WCED Five-year Strategic Plan (2015 – 2019).

The APP document is set out according to a prescribed template. This has been modified into an education sector template.

Funding for education is divided according to 7 programmes. Each programme is defined by national sub-programmes. These are listed at the beginning of each programme.

In Programmes 2 and 4 the WCED deviates from the sector budget structure because school sport resides under the Department of Cultural Affairs and Sport.

Nationally-defined budget tables (BTs) are numbered according to the relevant programme. Each BT has a set of financial indicators. There are national indicators called “Programme Performance Measures” (PPM) and provincial indicators called “Programme Performance Indicators” (PPI).

Note that the 2017/18 figures in the tables are the Revised Estimates.

Unless otherwise stated the figures are from WCED data sources i.e. PERSAL, Annual School Survey, Programme Manager records.

2. Translations

Afrikaans and Xhosa versions of this document will be available on the WCED website, https://wcedonline.westerncape.gov.za within 30 days of its tabling.
Official Sign-off

This Annual Performance Plan

- was developed by the management of the Western Cape Education Department under the guidance of the Minister of Education in the Western Cape;
- was prepared in line with the current Strategic Plan of the Western Cape Education Department; and
- accurately reflects the performance targets which the Western Cape Education Department will endeavour to achieve given the resources made available in the budget for 2018/19.

Part A: General Information

1. Vision

Quality education for every learner in every classroom in every school in the province.

This is given expression through three over-arching goals:

1. An improvement in the level of language and mathematics in all schools
2. An increase in the number and quality of passes in the National Senior Certificate
3. An increase in the quality of education provision in poorer communities

2. Mission

To improve education outcomes through supporting the following:

- Overall planning for, and management of, the education system
- Education in public ordinary schools
- Support to independent schools
- Education in public special schools
- Early Childhood Development (ECD) in Grade R
- Training opportunities for teachers
- A targeted feeding programme and other poverty alleviation and safety measures
- Support to teachers through provision of basic conditions of service, incentives and an employee wellness programme

3. Strategic Outcome Oriented Goals

<table>

4. **Values**

- The department's six core values of Caring, Competence, Accountability, Integrity, Innovation and Responsiveness finds expression through the attitude and conduct of employees.
- These values are entrenched in the values of the South African Constitution and the Bill of Rights.
- These core values are ingrained principles that guide the department's actions.
- The manner in which these values are iterated provides a sense of identity and is a source of pride for the employees.
- These values strengthen the rallying call for employees to continue with efforts to improve client services, administration and support services, quality teaching and learning and accountability of professionals.
5.3 Revisions to Legislative and Other Mandates

The Minister of Basic Education, in terms of paragraph 28(4D) of the National Policy pertaining to the Programme and Promotion Requirements of the National Curriculum Statement Grades R-12, issued under Government Notice 702 of 2017, published the intention to repeal the proviso on the compulsory offering of Accounting with Mathematics.

The Minister of Basic Education published the Draft Policy on Home Education, in Government Gazette 41256, Notice 1257 dated 17 November 2017 and invited comments from stakeholders and interested parties. The draft Policy on Home Education deals with, amongst other things, the application and process for registration of learners for home education, creating clarity in regard to the powers and responsibilities of the Department, provide for the registration of private or independent accredited service providers and the setting of norms and standards for educating a learner at home.

The Minister of Basic Education invited interested parties and stakeholders to provide comments on the Draft Rural Education Policy, published in Government Gazette 41321, Notice 1406 dated 15 December 2017. The draft Rural Education Policy aims to improve access to education, as well as improving the quality of education in rural schools. The Policy also provides a framework for the development of context-specific, relevant and sustainable strategies to deal with the challenges in rural schools.

New provincial legislative interventions

The Western Cape Provincial School Education Act, 1997 (Act 12 of 1997) (the Act) came into effect on 16 January 1998 and the first amendment of the Act was assented to on 6 December 2010. A number of provisions in the Act became redundant and some superfluous, as it was not aligned to the relevant legislative developments in South Africa.

The Amendment Bill, 2016, aims to amend the Act, so as to delete a definition and to insert and substitute others; to amend cross-references to certain statutory provisions; to remove references to adult education; to make provision for goods and services relating to education in the province to be centrally procured; to regulate monitoring and support of curriculum delivery at public schools; to authorise the Western Cape Education Council to provide advisory reports; to make provision for the establishment and functions of a Schools Evaluation Authority; to make provision for the establishment of collaboration schools and donor funded public schools; to make provision for the establishment of intervention facilities to which learners may be referred in certain circumstances; to do away with requirements for the concurrence of the Provincial Minister responsible for finance to be obtained in respect of certain agreements; to delete a provision that authorises the closure of part of a public school; to make further provision for the Provincial Minister responsible for education to make regulations; to repeal an obsolete provision relating to the powers of a children’s court; to authorise certain tests related to the admission of a learner to a public school for learners at schools with a specialised focus and learners with special education needs; to make provision
regarding the consumption or sale of alcoholic liquor on school premises or during school activities upon application and approval; to provide that a public school must obtain the prior written consent of a parent authorising the learner to attend a school activity outside of the school premises; to create further offences; and to provide for matters connected therewith.

The Amendment Bill, 2016, and Memo of Objects have been published in Provincial Notice Vol. 239/2016, in Provincial Gazette Extraordinary No. 7666 dated 25 August 2016 for public comment. The comment period closed on 23 September 2016 and comments received. All comments have been considered and some have been included in the Amendment Bill. The Bill has been legally vetted and certified by the Chief Directorate: Legal Services in the Office of the Premier.

The Amendment Bill was sent to the Office of the Speaker of the Provincial Parliament on 18 July 2017 for introduction to Provincial Parliament, but was withdrawn from Provincial Parliament for further consultation with the Department of Basic Education. The Bill was re-submitted on 15 December 2017.

The Amendment Bill is currently being dealt with by Provincial Parliament, Office of the Speaker.

Draft Regulations in terms of the Western Cape Provincial School Education Amendment Bill, are being prepared and will be submitted for approval as soon as the Amendment Act has been assented to.

The Provincial Minister responsible for Education in the Western Cape Province has published her intention to amended the Regulations relating to the Procedures for the Establishment and Election of Governing Bodies at Public Schools, in Provincial Gazette Extraordinary no. 7852, Notice 216/2017 and invited comments from stakeholders and interested parties. Due date for comments was 15 December 2017.

Amendment of Regulation 2(20) of the Regulations relating to the Procedures for the Establishment and Election of Governing Bodies at Public Schools, was published in Provincial Gazette Extraordinary 7869, Notice 13/2018 dated 29 January 2018.

6. Planned interventions and programmes

The WCED will focus on Teacher Development and Support and on School Management and Governance, in pursuit of the 3 provincial education goals, namely
- Improvement in the level of language and mathematics in all schools;
- Increase in the number and quality of passes in the National Senior Certificate;
- Increase in the quality of education provision in poorer communities

In addition to the focus on the Game Changers, discussed under provincial initiatives, a particular focus will be on addressing three identified binding constraints, namely:
- Wasted learning time and insufficient time to learn
- Lack of discipline and classroom management
- Accommodation constraints
### 4.1 Constitutional Mandate:

<table>
<thead>
<tr>
<th>Legislation</th>
<th>Impact on the Department’s functionality</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Constitution of the Republic of South Africa Act, No. 108 of 1996</td>
<td>Section 29 of the Constitution of the Republic of South Africa, 1996, provides that everyone has the right to basic education, including adult basic education, everyone has the right to receive education in the official language or languages of their choice in public educational institutions where that education is reasonably practicable, and that everyone has the right to establish and maintain, at their own expense, independent educational institutions that do not discriminate on the basis of race, are registered with the state, and maintain standards that are not inferior to standards at comparable public educational institutions. The state, with all its organs, has the duty to respect all fundamental rights, and is enjoined in terms of Section 7(2) of the Constitution to promote and fulfil the rights enunciated in the Bill of Rights, in Chapter 2.</td>

### 4.2 Legislative Mandate:

<table>
<thead>
<tr>
<th>Legislation</th>
<th>Impact on the Department’s functionality</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Public Service Act, No. 103 of 1994</td>
<td>In terms of the Public Service Act (PSA) of 1994, as amended, the Minister for the Public Service and Administration is responsible for establishing norms and standards relating to:</td>
</tr>
</tbody>
</table>

- The functions of the Public Service;
- Organisational structures and establishments of departments and other organisational and governance arrangements in the Public Service;
- Labour relations, conditions of service and other employment practices for employees;
- The Health and Wellness of employees;
- Information management;
- Electronic government in the Public Service;
- Integrity, ethics, conduct and anti-corruption; and
- Transformation, reform, innovation and any other matter to improve the effectiveness and efficiency of the Public Service and its service delivery to the public. |
According to Section 41 of the Public Service Act, the Minister may, subject to the Labour Relations Act and any collective agreement, make determinations regarding the conditions of service of employees generally or categories of employees, including determinations regarding salary scales and allowances for particular categories of employees. All collective agreements concluded at the PSCBC are deemed to be determinations made by the Minister in terms of Section 3(5) of the Public Service Act and the Minister is empowered further to issue directives to elucidate or supplement such determinations.

The Western Cape Education Department (WCED), as an organ of state, fulfils the obligations imposed upon it within the context of the concurrent law making competence conferred by the Constitution on parliament and provincial legislatures to regulate education at all levels excluding tertiary education (Part A of Schedule 4 to the Constitution). The following legislative enactments are instructive:

<table>
<thead>
<tr>
<th>The South African Schools Act, No. 84 of 1996</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Act applies to all school education in the Republic of South Africa, and its avowed purpose is to give effect to the constitutional right to education. Subject to this Act and any applicable law, every parent must cause every learner for whom he or she is responsible to attend a school from the first school day of the year in which such learner reaches the age of seven years until the last school day of the year in which such learner reaches the age of fifteen years or the ninth grade, whichever occurs first. This Act expressly outlaws any form of discrimination, it seeks to redress past injustices in the provision of education and to provide education of a progressively high quality for all learners.</td>
</tr>
</tbody>
</table>

In terms of the Act, three partners oversee the operations of schools:

- The National Government represented by the Minister of Basic Education whose primary role is to determine national policy, subject to the provisions of the Constitution, the provisions of the Act and taking into account the competency of the provincial legislature;
- The Provincial Government which acts through the Provincial Minister for Education. The Minister bears the obligation to provide public schools and together with
<table>

4.3 Policy Mandate:

<table>
<thead>
<tr>
<th>Legislation</th>
<th>Impact on the Department’s functionality</th>
</tr>
</thead>
<tbody>
<tr>
<td>National Development Plan (NDP) 2030 – Our future, make it work</td>
<td>The NDP’s vision for 2030 is that South Africans should have access to education and training of the highest quality, characterised by significantly improved learning outcomes. The NDP incorporates key targets set out in the Basic Education Sector Plan. Targets for 2030 include improved retention of learners and improved learning outcomes. All children between ages 7 and 15 should be in school and 65% of learners should be in class groups appropriate to their age by 2019.</td>
</tr>
</tbody>
</table>
The following are the national goals for the Education Department. The majority of these goals are addressed through the Western Cape Education Department’s goals and actions:

- **Schools**: provide all learners with excellent education, addressing low levels of reading, writing and numeracy as measured on local and international tests;
- **All staff**: competency standards for all educator jobs; have competency assessments for entry and promotion purposes and provide training programmes for all;
- **Teachers**: should be highly valued and knowledgeable. Receive continuing professional development and be highly motivated;
- **Principals**: competency tests should be conducted for all principal appointments. Expertise should be the only criterion for appointing principals;
- **Information**: this should be accessible and useful to plan and monitor progress;
- **Information technology**: high speed broadband should be available to support learning;
- **Infrastructure**: basic infrastructure should be in place for all schools and all backlogs should be addressed; and
- **Language**: decisions about language provision in schools need to be informed by a greater appreciation of the labour market. The proposal is for high quality instruction in both mother tongue and English from an early age.

| Schooling 2030 and the 27 Goals | The South African Education Sector Plan is set out in Action Plan 2019, towards Schooling 2030. The plan contains 27 goals. The first 13 goals deal with learning outcomes and the other 14 goals deal with how these learning outcomes will be achieved. The 27 goals are linked to indicators, targets and their milestones. The number of goals is limited; the indicators are expressed clearly and are measurable. The targets need to be “in range” and should improve education outcomes incrementally. They are disaggregated per province and should not be regarded as a ceiling. National targets have been set over the long term and milestones focus on desired achievements in the medium term (up to five years into the future). National milestones have been set for performance goals 1 – 13. Milestones are not specified for goals 14 to 27. |
The goals for the learning outcomes are:

1. Increase the number of learners in Grade 3 who by the end of the year have mastered the minimum language and numeracy competencies for Grade 3;
2. Increase the number of learners in Grade 6 who by the end of the year have mastered the minimum language and Mathematics competencies for Grade 6;
3. Increase the number of learners in Grade 9 who by the end of the year have mastered the minimum language and Mathematics competencies for Grade 9;
4. Increase the number of Grade 12 learners who become eligible for a Bachelors programme at a university;
5. Increase the number of Grade 12 learners who pass Mathematics;
6. Increase the number of Grade 12 learners who pass Physical Science;
7. Improve the average performance of Grade 6 learners in languages;
8. Improve the average performance of Grade 6 learners in Mathematics;
9. Improve the average performance in Mathematics of Grade 8 learners;
10. Ensure that all children remain effectively enrolled in school at least up to the year in which they turn 15;
11. Improve the access by children to quality Early Childhood Development (ECD) below Grade 1;
12. Improve the grade promotion of learners through Grades 1 to 9; and
13. Improve the access of youth to Further Education and Training beyond Grade 9.

The goals for how the learning outcomes will be achieved are:

14. Attract in each year a new group of young, motivated and appropriately trained teachers into the teaching profession;
15. Ensure that the availability and utilisation of teachers is such that excessively large classes are avoided;
16. Improve the professionalism, teaching skills, subject knowledge and computer literacy of teachers throughout their entire careers;
17. Strive for a teacher workforce that is healthy and enjoys a sense of job satisfaction;
18. Ensure that learners cover all the topics and skills areas that they should cover within their current school year;
19. Ensure that every learner has access to the minimum set of textbooks and workbooks required according to national policy;
20. Increase access amongst learners to a wide range of media, including computers, which enrich their education;
21. Ensure that the basic annual management processes occur across all schools in the country in a way that contributes towards a functional school environment;
22. Improve parent and community participation in the governance of schools, partly by improving access to important information via the e-Education strategy;
23. Ensure that all schools are funded at least at the minimum per learner levels determined nationally and that funds are utilised transparently and effectively;
24. Ensure that the physical infrastructure and environment of every school inspires learners to want to come to school and learn, and teachers to teach;
25. Use schools as vehicles for promoting access to a range of public services amongst learners in areas such as health, poverty alleviation, psychosocial support, sport and culture;
26. Increase the number of schools which effectively implement the inclusive education policy and have access to centres which offer specialist services; and
27. Improve the frequency and quality of the monitoring and support services provided by district offices to schools, partly through better use of e-Education.

In addition, the Department of Basic Education has adopted the following set of themes:

1. Focus on quality and efficiency of education;
2. Communication to communities;
3. Prioritised teaching and learning;
4. Strengthened role of all players (entities, quality assurance agencies, unions, parents, partners);
5. Strengthened provincial and national mechanisms, including inter-governmental and inter-departmental mechanisms; and
6. Monitoring and evaluation of norms and standards, including impact evaluation, in accordance with the National Education Policy.

These are accompanied by a set of non-negotiables listed by the Department of Basic Education.

**The Medium Term Strategic Framework (MTSF)**

Chapter one of the Medium Term Strategic Framework (MTSF) opens as follows: "The NDP's vision for 2030 is that South Africans should have access to training and education of the highest quality, characterised by significantly improved learning outcomes".

The education output priorities of the MTSF are:

1. Improved quality of teaching and learning through development, supply and effective utilisation of teachers;
2. Improved quality of teaching and learning through provision of adequate quality infrastructure and Learning and Teaching Support Materials (LTSM);
3. Tracking of learner performance through reporting and analysis of the Annual National Assessment (ANA) at Grades 3, 6 and 9:
4. Improving ANA over time to ensure appropriate feedback to learners and teachers and to benchmark performance over time;
5. Expanded access to Early Childhood Development and improvement of the quality of Grade R;
6. Strengthening accountability and improving management at the school, community and district level; and

These priorities will be addressed through the WCED’s goals and actions. Our focus on these will intensify as systems and indicators are incrementally put into place; both provincially and on a national level, and budgets and models are adapted as required.

Each of the outputs has a set of sub-outputs, activities and linked indicators. There are currently no baseline readings on some of these. Those that are a provincial responsibility have targets for the linked indicators.

<table>
<thead>
<tr>
<th>Education White Paper 6</th>
</tr>
</thead>
</table>

**In this White Paper, Government outlines what an inclusive Education and Training System is, and how to build it. It provides the framework for establishing such an education and training system, details a funding strategy, and lists the key steps to be taken in establishing an inclusive education and training system for South Africa.**

The White Paper outlines the following key elements:

- To systematically move away from using segregation according to categories of disabilities as an organising principle for institutions;
- Base the provision of education for learners with disabilities on the intensity of support needed to overcome the debilitating impact of those abilities;
- Place an emphasis on supporting learners through full service schools that will have a bias towards particular disabilities depending on need and support;
- Direct how the initial facilities will be set up and how the additional resources required will be accessed;
• Specify how learners with disability will be identified, assessed and incorporated into special, full service and ordinary schools in an incremental manner;
• Introduce strategies and interventions that will assist educators to cope with a diversity of learning and teaching needs to ensure that transitory learning difficulties are enhanced;
• Give direction for the Education Support System needed; and
• Provide clear signals about how current special schools will serve identified disabled learners on site and also serve as a resource to educators and schools in the area.

| Provincial Strategic Goals | For the five-year period 2015 - 2019 the province has adopted 5 Provincial Strategic Goals. These are:

  • Strategic Goal 1: Create opportunities for growth and jobs;
  • Strategic Goal 2: Improve education outcomes and opportunities for youth development;
  • Strategic Goal 3: Increase wellness, safety and tackle social ills;
  • Strategic Goal 4: Enable a resilient, sustainable, quality and inclusive living environment; and
  • Strategic Goal 5: Embed good governance and integrated service delivery through partnerships and spatial alignment.

The WCED will contribute, in active partnership with other departments, to all of these goals, and in particular, those that impact on the services for and well-being of learners.

The WCED will also actively support the Provincial Strategic Goal 5: "Embed good governance and integrated service delivery through partnerships and spatial alignment" and its 3 outcomes:

  • Outcome 1: Enhanced governance;
  • Outcome 2: Inclusive society; and
  • Outcome 3: Integrated management.

The WCED is the lead department in Provincial Strategic Goal 2: Improve education outcomes and opportunity for youth development:
Problem statement

Studies indicate that children in the Western Cape are not reading, writing and calculating at the required levels for further education and employment. These foundation skills determine the future prospects and life chances of all children.

There is great unevenness in the quality of education offered to Western Cape children and this is compounded by widespread socio-economic problems. These two problems need to be progressively addressed in our schools and through a whole of society approach.

Strategic Outcomes

1. An improvement in the level of language and mathematics in all schools.
2. An increase in the number and quality of passes in the National Senior Certificate and equivalent qualifications.
3. An increase in the quality of education provision in our poorer communities.
4. Providing more social and economic opportunities for our youth.
5. Improving family support to children and youth and facilitating development.

The WCED drives this strategic goal in collaboration with the Department of Social Development and the Department of Cultural Affairs and Sport.

Two “Game Changers” have been identified for this goal and one pilot. The game changers (focus area for attention/action from which maximum benefit will be felt in making a difference in the lives of people) are:

1. E-learning; and
2. After School.
In the case of e-learning the project has already entered the implementation stage with the following focuses:

- **The Wide Area Network (WAN) Project - A project of the Provincial Government**
  - The WAN project will provide schools in all quintiles with high-speed connectivity to the internet as well as inter-connectivity between schools, district offices and head office.
  - Within the period 2016/2017 identified schools will be linked through the WAN.

- **The Local Area Network (LAN) Project - A project of the WCED**
  - The LAN project will provide wireless access to the connectivity and inter-connectivity of the WAN.
  - Within the period 2016/2017, a total of 100 schools within quintiles 1, 2, 3 and Special Needs Schools are to receive LANs.

- **The Computer Applications Technology, Information Technology and Engineering, Graphic and Design (CAT/IT/EGD) computer Refresh Project.**
  - The Technology Refresh Program is a cyclical one that addresses the critical needs of schools offering the subjects CAT, IT and EGD.
  - Within the period 2016 - 2017, schools within all quintiles will be assessed to ascertain if technology refresh is needed and provided with the necessary upgrades.

- **The Edulab Computer Refresh Project** provides available and appropriate technology to schools by providing learners direct access to technology in an ICT suite environment.
  - Within the period 2016 - 2018, benefactor funding will be sought to assist additional schools in refreshing the technology within their ICT labs.

- **The Smart Classroom Project** provides available and appropriate technology to schools. The technology typically comprises a teacher computing device, teacher projection device, teacher interactive device and a visualizer device (also known as a document camera). The
technology is mainly wireless and has pack-up-and-go mobility.

- Within the period 2016 - 2018, a total of 400 Smart Classrooms are envisaged per annum across 37 schools, within quintiles 1, 2, 3 and 4 and schools for learners with special needs.

- **The e-Portal Project** is an online digital content project.
  - The e-Portal provides a service-oriented approach with the various user needs being considered e.g. a learner, a parent, a teacher. Work on this has commenced and the portal has been launched and opened for uploads and use.  
  - Within the period 2016 - 2018, the resources available to users will be expanded.

- **The Learning Management System (LMS) Project**
  - The project encompasses a digital resources repository and seeks to provide teachers, learners and parents with digital teaching and learning resources.
  - In 2016/2017, the WCED LMS will be incorporated within the e-Portal project towards creating an all-encompassing ecosystem of on-line applications.

All of the above will be accompanied by the required training and support for teachers, principals and officials.

**The After School programme**

The After School project is currently being refined. The goal of the programme is expressed as: “Western Cape learners’ regular participation (at least twice a week) and sustained participation (70% or more of the time) in after-school activities, which contributes towards positive youth development”. The lead department is the Department of Cultural Affairs and Sport and the focus is on schools that are part of the Mass Opportunity and Development after-school programme.
The performance indicators are:

- Sites with enabling environment for After School Programmes (ASP);
- Number of learners in No Fee Schools with access to ASP;
- Number of learners with access to quality programming;
- Percentage of learners participating regularly and consistently; and
- Improvement in learner school outcomes.

The targets for 2019 are:

- 10% of WC learners in No Fee Schools with access to safe after school spaces (56 000);
- 8% of WC learners in No Fee Schools with access to quality opportunity in two areas of interest (dual pillar programming) (44 800); and
- 2% of WC learners in No Fee Schools with access to comprehensive quality programming (11 200).

The WCED will contribute to this Project by supporting the Mass Opportunity Development (MOD) Centres. In addition, the WCED will run the Youth Focus Programme, which is for the benefit of identified Grade 9 learners who have enrolled to repeat the grade more than twice, allowing them to attend a customised bridging course at a Technical Vocational Education Training (TVET) College or Adult Education and Training (AET) Centre.

**Project to strengthen reading and Mathematics**

Another key intervention under the Provincial Strategic Plan is a pilot project for Grade R to Grade 3 in 105 schools with poor academic results to strengthen reading and Mathematics.

The WCED will, over the next four years, run a 105 school laboratory. This means that a focused intervention was designed and planned in 2015/16 and will be monitored in the four years 2016 to 2019. The design is derived from various
studies undertaken in Western Cape Primary Schools, particularly the University of Stellenbosch Grade 3 Study and the University of Cape Town’s SPADE project.

The main findings and recommendations which are common to these studies are:

1. The need for competency testing and careful selection of Foundation Phase Heads of Department and their ability and time to provide in-class and out-of-class support;
2. The presence and integrated use of big books, reading books, textbooks, workbooks and Foundation Phase equipment;
3. The development and use of Norms for reading, writing and mathematics progress in each quarter of Grade R to Grade 3; and
4. Assessing teachers’ capacity to teach English First Additional Language (FAL) and providing training for this.

The WCED model, which will provide as many of the above elements as possible, is in an advanced stage. The schools have been identified. Twenty million rand (R20m) has been provided for the purchase of tablets for selected schools.

Next steps:

- An audit of the current teachers and HODs has been conducted;
- The training programme will be developed based on the needs identified;
- Parents are to be informed;
- Learning and Teaching Material will be provided as required; and
- Norms for reading and writing have been developed and teachers will be trained in these and in how to administer Early Grade Reading Assessments quarterly.

1. Purpose and Scope of the Document

The purpose of this document is to define the business process architecture of the core processes of the Western Cape Government (WCG), Western Cape Education Department (WCED). It also identifies the processes most in need of optimisation.

In support of this, the Department’s vision, mission, mandates, goals and objectives have been identified as these have an impact on the process architecture and the prioritisation of processes.

Business process architecture is the definition of the structure of the business processes in the Department and classifies the processes by category, as well as level of detail. Core business processes are those that add value to external customers of the Department.

2. Introduction to Business Process Architecture

2.1 Business Processes

In order to understand business process architecture and its importance, it is necessary to understand business processes.

Employees interact with business processes on a daily basis. At work, they prepare documents, deliver reports, solve client problems and attend meetings. Away from work, they shop, pay bills and arrange meals. All of these activities are part of processes.

A business process can be defined as a set of linked, repetitive business activities that together - and only together - transform inputs into outputs that are of value to a customer.

Processes are important because:

- They are major components of organisations;
- They are the business performance drivers;
- They integrate people, technology and infrastructure;
- Processes have a significant impact on client satisfaction;
- Processes also have an impact on cost and efficiency;
- Most service delivery problems have their root cause in processes; and
- Organisations can manage work much more effectively and efficiently through a process mind set.

Some issues with business processes:

- Processes are frequently invisible;
- Processes are usually complex; and
- Processes frequently cut across organisational units - these are cross functional or transversal processes.
The following diagram illustrates the main high-level components of business processes:

```
<table>
<thead>
<tr>
<th>Directives</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mandates, Governance, Knowledge</td>
</tr>
</tbody>
</table>

```

Figure 1: Business Process Elements

A business process describes how work is done and therefore involves activities that are performed by enablers, made up of people and/or technology. A process also generally involves more than one person, together with machines or information systems all working together – a process is about collaborative activity.

A process adds value by transforming inputs, for example, materials, funds, requests, information, or time triggers into outputs, which are products and/or services that are valued by customers. A process is intended to achieve something; it has objectives with the primary objective being the satisfaction of process customers. Processes are performed under directives that comprise mandates, governance and knowledge – these provide the controls on the activities of the process.

Processes are different from projects in that processes are repetitive – although they may be carried out in various ways and in different situations, the activities are repeated on a regular basis.

Figure 1 also illustrates the fact that business processes have a boundary and inputs enter processes from the environment of the process and exit back to the boundary as outputs.

### 2.2 The Process View

An organisation can be viewed from many perspectives. When most people describe an organisation, they describe it in terms of its main products or services, its customers or clients or its organisation structure, but seldom in terms of its main processes.
Appendix 2: Business Process Architecture:
Western Cape Education Department

1. Provide Education Planning Services
   1.1 Ensure Business Alignment and Communication
      1.1.1 Manage Business Strategy and Stakeholder Coordination
      1.1.2 Ensure Departmental Programme and Project Management (PM) System Implementation
      1.1.3 Facilitate Departmental Performance Measurement, Monitoring and Evaluation
      1.1.4 Coordinate Inter-Governmental and Inter-Institutional Relations
   1.2 Manage Internal Controls
      1.2.1 Coordinate Internal Control Services
   1.3 Manage Communication
      1.3.1 Coordinate and Develop Language Services
      1.3.2 Provide Media and Media Production Services
      1.3.3 Provide Departmental Client Services

2. Manage Business Intelligence
   2.1 Conduct Education Research
      2.1.1 Conduct Education Research
      2.1.2 Coordinate Education Research
      2.1.3 Publish Research Findings
      2.1.4 Report on Research Findings
   2.2 Manage Departmental Policy Development
      2.2.1 Coordinate Policy Development
      2.2.2 Administer Policy Register
      2.2.3 Provide Policy Development Support
      2.2.4 Facilitate Statutory Policy Legislative Procedures
   2.3 Manage Education Knowledge and Information
      2.3.1 Coordinate Education Knowledge and Information Technology (EKT) Services
      2.3.2 Maintain Education Knowledge and Record Management Systems
      2.3.3 Maintain Whole School Database

3. Manage Physical Resources
   3.1 Coordinate Departmental Infrastructure
      3.1.1 Maintain Departmental Infrastructure Programme Policies and Plans
      3.1.2 Implement Departmental Infrastructure Project
   3.2 Manage Maintenance
      3.2.1 Coordinate Provision of learner and teacher Support Material (LDM)
      3.2.2 Provide Education Library Information Service (EOLIS)
      3.2.3 Maintain Learner Transport Schedules (LTS)
      3.2.4 Facilitate Equipment Delivery to Learning Sites

4. Manage Curriculum Development and Assessment
   4.1 Manage Curriculum and Teacher Development
      4.1.1 Administer General Education and Training (GET) Curriculum
         4.1.1.1 Coordinate Curriculum Policy Frameworks and Learning Support
         4.1.1.2 Administer National School TV Operations
      4.1.2 Administer Further Education and Training (FET) Curriculum Development Framework
         4.1.2.1 Coordinate Curriculum Policy Frameworks and Learning Support
         4.1.2.2 Coordinate Further Education and Learning e-Learning
      4.1.3 Manage Teaching and Leadership Pathways (TLP)
         4.1.3.1 Design Learning and Development Programmes
         4.1.3.2 Facilitate Learning and Development Programmes
         4.1.3.3 Administer Teacher Qualification Improvement
   4.2 Ensure Assessment and Examination Compliance with National Policy Framework
      4.2.1 Manage Curriculum Assessment System
         4.2.1.1 Coordinate National and provincial Assessment System
         4.2.1.2 National Assessment System Capacity Building
         4.2.1.3 Provide Assessment System Feedback
         4.2.1.4 Provide Administrative Support for Examination Inspection
      4.2.2 Manage Examination and Testing Administration
         4.2.2.1 Administer Examinations and Certifications
         4.2.2.2 Maintain Examination System for Curriculum Delivery
         4.2.2.3 Coordinate Province Testing Services

For Attention: Ms Tersia Pretorius

Dear Colleague

SERVICE DELIVERY IMPROVEMENT PLANS (SDIPs) 2016 – 2016

The Director-General, Department of the Premier 's (Western Cape) correspondence dated 29 November 2016 refers.

We hereby confirm the two (2) critical services for improvement, submission and implementation of the WCED SDIP 2016 – 2019 are:
  • Providing examination registration and enquiry service to learners (Directorate: Examination Administration)
  • Communication to parents and citizens (Directorate: Communications)

Yours sincerely

| Minutes of 03 December 2015                                        |                            |                |
| 1. Additions and corrections                                        | None.                      | All            |
| 2. Adoption of minutes                                              | The minutes of the meeting of 03 November 2015 were amended and adoption proposed by **HDM** and seconded by **DDG: F**. |                |

| Minutes of 03 December 2015: Matters arising                        |                            |                |
| 1. District model                                                   | Mr Carolus confirmed that all outstanding CM posts have been advertised and interviews will take place in January 2016. | All            |
2. Service Delivery Improvement Plan (SDIP)

- Ms Schlebusch took the presentation circulated as read.
- Ms Schlebusch requested EXCO to identify two possible key standards for the new WCED SDIP 2016 – 2019. She explained that management of the retention rate of learners in the FET phase, as previously proposed is not ideal for consideration.
- Ms Schlebusch proposed the following key standards for consideration:
  - **Communications services** – ideal as new technology is due to be introduced. Can track effectiveness and possible impact of investment,
  - **Specialised Education Support Service** – new legislation requires implementation and monitoring – also ideal to monitor implementation and track progress. This unit is already working with DoTIP as part of Business Process Optimisation exercise.
  - **Exams** – dealing with requests for re-marks and registration for supplementaries etc. Exams was also identified in the Business Process Optimisation exercise.
- Ms Schlebusch proposed the following way forward:
  - EXCO approve the suggested standards.
  - BSSM be confirmed as champion of SDIP development and related processes.
  - SDIP approved by MEC by the end March 2016.
  - Relevant directorates’ implementation plans outline the steps to be taken, tasks and responsibilities assigned to specific individuals in order to action the SDIP.
  - Submission to be authorised by end May 2016.
  - Report on the SDIP annually through a prescribed template within the Annual Report.
  - Report submitted to the MPSA on/or before 31 March every year for three years.
  - Ensure that the SDIP is communicated/cascaded to different service points/coalface.
  - Communication/ cascading of a SDIP could be through local community radio stations where government department/s are allocated a slot, meetings with local community, Indaba’s, focus groups, one-on-one meetings and through Public Service Week where government addresses the community on issues pertaining to service delivery.

Questions and comments:

- EXCO agreed and approved that Communication Services and Exam Services be the two key standards for the new WCED SDIP 2016 – 2019.
- EXCO requested Ms Schlebusch to reward Communication Services to “improve Communication to schools and parents”.
- EXCO approved the way forward as presented.

3. Spending on budget 2015/16

- Mr Ely presented the expenditure 2015/16 per programme as at 30 November 2015.
- Mr Ely noted that some projects will have to be stopped to ensure that there is no over payments before the close of the financial year 2015/16. He confirmed that payments are being monitored closely to avoid over expenditure.
- Mr Ely pointed out the following:
  - Goods and services are lower than anticipated due to fewer invoices received during the period 01 April – November 2015.
- **E-Portal**: The refinement process of the e-Portal is on-going with new scopes of work being finalised in December for January 2016.
- **The Smart Classes** tender has been awarded with a project briefing session held on Friday, 27 November 2015.
- **The Learner devices** tender was re-advertised as a competitive bid on Friday, 4 December 2015.
- **DCES post** was advertised. The Project Managers, Admin Officer and ASD will be advertised early in January 2016.

PA VINEVOLD  
CHAIRPERSON  
DATE: 15/01/2016

LP BONIFACE  
SECRETARY  
DATE: 15/01/2016
Presentation Content

- Legislative background and reminder of previous EXCO meeting
- DPSA Guideline for developing a Service Delivery Improvement Plans (SDIPs)
- Suggested service standards
- Way forward
SDIP Legislative requirements and background

Regulatory framework for SDIP
  Principle # 2: Service Standards: Citizens should be told what level and quality of public services they will receive so that they are aware of what to expect.
- Chapter 1, Part III C.1 to C.2 of the Public Service Regulations, 2001, as amended on 31 July 2012, requires planning of SDIP over a three-year cycle and reporting thereof annually (Departmental Annual Reports).
- PFMA (No. 1 of 1999) stipulates that strategic plans cannot be developed in isolation and that they must be integrally linked to a department’s SDIP.
- DPME’s Monitoring Performance and Assessment Tool (MPAT) for 2015 will assess the Standard Name: Service Delivery Improvement Mechanisms.

DPSA Guideline for developing a Service Delivery Improvement Plans (SDIPs)

Preparation Phase
- Obtain buy in
- Appoint a champion
- Develop change management programme
- Develop policy

Consultation phase
Research through the use of various source documents like:
- Minister’s Outcome-Based service level agreement
- SONA/PSONA
- The complaints and compliments management report
- Statistics South Africa survey reports
- Research reports from other sources/institutions
- Consolidated departmental M&E reports, etc.
- Identification & listing of critical service areas
- Weighting of the identified critical service areas.
DPSA Guideline for developing a Service Delivery Improvement Plans (SDIPs)

**Development phase**
- Identification of information required
- Development of meeting schedule
- Consolidation of document as per prescribed template
- Presentation of draft document to management & the broader SDIP team prior final submission for approval by HOD & executing authority
- Submission for approval
- Submission to DPSA for reporting to Parliament through the Office of the MPSA

**Implementation phase**
- Monitoring and reporting plan developed by the core team during the planning phase
- Implementation done by the relevant line units responsible for their ACP & APPs as Performance Agreements would have been signed with supervisors

---

**Monitoring phase**
- The line supervisors should develop a monitoring and reporting plan

**Reporting phase**
- Monthly and daily submissions and reporting should be done according to the agreed upon reporting schedule by the implementing units and individuals
- Quarterly reports to be submitted to the strategic planning unit/ SDIP coordinator for presentation to senior management meetings and EXCO meetings

**Evaluation phase**
- Evaluation should have been agreed upon during the planning phase
- Evaluation by the oversight departments shall be determined by a schedule jointly developed with all stakeholders in the annual
DPSA Guideline for developing a Service Delivery Improvement Plans (SDIPs)

**SDIP Review**

- The SDIP should be seen as part of the departments' strategic planning; it is a continuous process that runs in cycles, similar to strategic planning. The SDIP should be constantly monitored, in line with the inputs from the service beneficiaries to determine relevancy.

- In case where the department's mandate changes due to political changes (eg when the minister is appointed) or change in the strategic plan, change of service beneficiaries, the SDIP should also be amended to reflect the change of focus or mandate. Amendments/changes to the SDIP should signed and approved by the relevant executing authority.

**The DPSA prescribed templates**

- Service Delivery Improvement Plan template
- Service Delivery Improvement Reporting template

---

**Proposed WCED SDIP processes cycle**

---
WCED SDIP processes

Development process of the SDIP - consideration:
- The integration of the SDIP process with the strategic planning process
- Consultation with the identified stakeholders –
- Identification of reference material and/or source documents or research reports
- Management buy-in on the critical service areas that will go into the SDIP
- Core team members that will supply critical information and run with the development of the SDIP
- Outline of activities that are to be conducted by each unit, the core team and cross-cutting teams
- Setting of the target date for the completion of the SDIP

Possible key standards for the new WCED SDIP 2016 – 2019. Need to choose TWO:
- Management of the balance of learners in the FET phase. Previously proposed but considered not a service but a parameter linked to strategic/prior. Need to identify an office.
- Communications services – ideal as new technology due to be introduced. Can track effectiveness and possible impact of investment
- Specialised Education Support Services – new legislation requires implementation and monitoring – also ideal to monitor implementation and track progress. This unit is already working with DoTIP as part of Business Process Optimization exercise
- Exams – dealing with requests for re-marks and registration for supplementaries etc. Exams was also identified under Business Process Optimization exercise.
- Management can prioritize the specific services that should be identified within the two Directorates
- Consider the following suggested services:
  - Call centre and telephone management services to clients
  - Specialised intervention (Psychology) services and placement of learners at full service schools
  - Exams – queue management etc.

WCED SDIP processes - Way forward

- EXCO approve the suggested standards – minuted
- BSSM be confirmed as champion of SDIP development and related processes
- DoTIP facilitate via BSSM, where warranted
- SDIP approved by MEC – end Mar 2016
- Relevant directorates’ implementation plans outline the steps to be taken, tasks and responsibilities assigned to specific individuals in order to action the SDIP. 
- Submission to authorities – end May 2016
- Report on the SDIP annually through a prescribed template within the Annual Report
- Report submitted to the MPSA on or before 31 March every year for three years.
- Ensure that the SDIP is communicated/cascaded to different service points/coalfaces
- Communication/ cascading of a SDIP could be through local community radio stations where government department/s are allocated a slot, meetings with local community, Indaba’s, focus groups, one-on-one meetings and through Public Service Week where government addresses the community on issues pertaining to service delivery.
Hi Ebrahiem

Good News: EXCO has accepted the recommendation to continue with the current Service Standards with a view to improve on those.

This was a formal EXCo and the item had been correctly minuted, so no need for any additional tabling.

Please continue as per your plan.

Regards
Warda

Hi mam.

Your inclusive e-mail refers.

Please share the outcome/decisions of the 14 Dec 2017 EXCO meeting, in order to plot the way forward.

Thanx

Ebrahiem

Good Morning SG

I would like to draw your attention to the BPIAN item needing your attention and mention at the next EXCO please:

WCED requires documented EXCO decision on 2 selected standards for a new SDIP for the period 1 Apr 2018 – 31 Mar 2021. Approval level for SDIP according to Delegations of Authority is the Executive Authority (MEC Education).
1. WCED’s current SDIP 2016 – 2019, was approved 3 Mar 2016 (MEC)
   a. Service One: Provide Examination Registration and Enquiry Service to Learners
   b. Service Two: Improve Communication with Parents and Citizens

2. Legislation, including PSR 2016 requires new SDIP to include more mandatory processes
   and synchronisation for all departments with effect 1 Apr 2018, New cycle 2018 – 2021.

3. All oversight authorities (DPSA and DoTP) agree and support implementation requirements.

4. WCED EXCO decision options (documented decision for records with signed attendance
   register):
   a. Choose 2 new services from WCED list and plan for the next 3 years delivery.
   b. Choose to continue with current services and extend planned delivery for new outer
      years.

5. Decision and communiqué thereof will trigger the following high level Implementation
   plan.
   a. **EXCO and DBS inform** teams, MEC and DoTP of decision (immediately)
   b. **Existing SDIP amended** to include “shortcomings” – work in progress
   c. **Recorded engagements** with teams [until – mid Feb 2018]
   d. **Electronic Input to draft SDIP 2018 – 2021** collated at central point. - DBS
   e. **Apply Bizprojects** to manage SDIP. (DBS parallel support)
   f. **DbP provincial workshop** on 30 Jan 2018; re: progress of developed SDIPs.
   g. **Approval by MEC end Feb 2018**
   h. Submission to DPSA by early March 2018.
   i. **Continuous Monitoring by** process owners (2 teams and other means)
   j. At least quarterly **Reporting at EXCO level** (discussion and recordings)
   k. Annual reporting in AR / DPSA (end June 2018 and subsequent years).

**Recommendation:**
1. That EXCO discusses (at informal EXCO of 13/14 December) and selects Option B: Continue
   with current services as mentioned in Point 1 above and extend on the planned delivery
   for the outer years.

**Reason for recommendation:**
1. Time constraints very tight to select 2 new standards for the 2018-2021 SDIP period; and
2. Current standards need further strengthening and the WCED would benefit from continued
   attention being focussed on these standards;
3. Given the fiscal constraints, it would be more economical to continue with the standards
   that are matured to implementation and delivery;
4. New standards would require additional budget and resource allocation.

**Requirements for decision to select option B:**
1. An in Principle decision at informal EXCO
2. Followed by an in writing (email) acknowledgement of decision
3. Followed by tabling at formal EXCO
4. A copy of the signed attendance register for both informal and formal EXCO required.

**Constraints:**
1. Should EXCO select Option A after discussion:
   a. Timeframes to develop 2 new project1 and implementation plans with the allocation
      of budget to same would be hostile;
   b. New standards must be selected and framed at a formal EXCO and minuted as
      such; and
   c. Fiscal and resource pressures arising from implementation of new standards.
Thank you for including this in your informal EXCO discussion.

Kind Regards

Warda Conrad
Director
Business Strategy and Stakeholder Management
Western Cape Education Department

Legislative requirements - Service delivery improvement plan

Part 3, no. 38 of the Public Service Regulations (PSR) 2016 – determines that EA shall establish and maintain a service delivery improvement plan aligned to the strategic plan contemplated in regulation 25 for his or her department—

(a) specifying the main services to be improved to the different types of actual and potential service recipients as identified by the department;
(b) containing consultation arrangements with the department's actual and potential service recipients;
(c) with due regard to the service recipient's means of access to the services and the barriers to increased access thereof, specifying the mechanisms or strategies to be utilised progressively to remove the barriers so that access to services is increased;
(d) indicating standards for the main services identified for improvement;
(e) containing arrangements as to how information about the department's services are to be provided; and
(f) stipulating a system or mechanisms for complaints.

Delegations:
HRM delegations of Powers for MEC: retained at Executive Authority level.
SDIP implementation timeline and DPSA / DoTP requests

- WCED approved SDIP 2016 – 2019 in accordance with the then legislative requirements and guiding prescripts. - 2 Mar 2016
  - Service One: Provide Examination Registration and Enquiry Service to Learners
  - Service Two: Improve Communication with Parents and Citizens
- Amended Public Service Regulations 2016 promulgated – Aug 2016
- Progress Improvements of the SDIP is recorded in Part 8 of all Departmental Annual Reports. – 30 Jun 2017 tabled 30 Sep 2017
- In addition, WCED and other departments complied with DPSA requirement to report on SDIP improvements (separate to AR 2016-2017) – 30 Jun 2017
- DPSA assessed at national and provincial departments’ SDIPs – 8 Jun 2017
- WCED scored 3.11 (tick-box assessment) of a possible 5 and indicated the areas requiring attention/improvement. (Key items only)
  - SDIP introductory part: (expand on stakeholder engagements, include a communication plan and an impact assessment plan)
  - Legal and regulatory framework & strategic planning process (process mapping and unit costing)
  - SDIP TEMPLATE lists both services (identify core services to beneficiaries)
- Aspects of the Batho Pele principals. (apply SMART principal to related standards)

SDIP implementation timeline and DPSA / DoTP requests

  - DPSA emphasise a new SDIP for synchronised planning and assessments.
  - Sector specific workgroups for peer learning – showcase of tools used
- Department of the Premier (WC) supports the establishment of a SDIP and offered support via Directorate: Process Design and Improvement.
  - normal support responsibility (details need attention)

Options for WCED to follow:
- Identify 2 new services for the SDIP 2018 - 2021 or
- Expand on the existing services identified (SDIP 2016 – 2019)
- The teams involved in the current SDIP are –
  - Service one: CD: Examinations and Assessment Management and
  - Service Two: Directorate: Communications
- If alternative new standards are identified, WCED add pressure to the consultation processes leading up to and concluding the new SDIP 2018 – 2021 by end Mar 2018
Discussion / Way forward

High level SDIP establishment and implementation plan

- EXCO and DBS inform teams, MEC and DotP of decision (immediately)
- Existing SDIP amended to include "shortcomings" – work in progress
- Recorded engagements with teams (ASAP – mid Feb 2016)
- Electronic input to draft SDIP 2018 – 2021 collated at central point. - DBS
- Apply Bizprojects to manage SDIP. (DBS parallel support)
- Approval by MEC end Feb 2016
- Submission to DPSA by early March 2016
- Continuous Monitoring process owners (2 teams)
- At least quarterly Reporting at EXCO level (discussion and recordings)
- Annual reporting in AR / DPSA (end June 2018).

Questions?

 Thank you
The Examinations section does not have an official SOP, however, all functions and processes are governed by national norms and standards, policy documents and regulations per examination.

Provide Examination Registration and Enquiry Service to Learners: Walk-in Centre

1. Check Documents
   - Check whether all documentation required to access the specific service is provided, e.g., Attached ID, etc.

2. Register Request/Application
   - Process payment for the relevant service and issue receipt.

3. Process Payment

4. Provide Relevant Feedback

5. Manage Processing of Relevant Request/Application
   - Processing of request to be completed timely to ensure that the turn-around time for the relevant service is adhered to.
Annexure I
Manage Examinations Registration (High Level Business Process Map)

Further details of the sub-processes can be found in the Manage Examinations Registration SOP (approved in March 2017)
