### Amazing adventure

At Story Stars Planet here are a lot of trees. Instead of apples and pears hanging on the trees, books are hanging on the trees. Felix and Felicity looked around in astonishment. "Wow" said Felix.

Suddenly, they heard a voice behind them. "Hi! my name is Zia! I am a bookworm with wings!" Zia was a purple bookworm with blue hair, green wings and silver glasses on her nose. "No way, are you Felix and Felicity?" "From the dance off?" Everybody closed to them stopped reading, looked up and smiled.

When everybody started to read again, Zia told them, never ever go near King Book Fly! He is MEAN! If you come near him, he will order one of his Flying Meaners to sting you!" said Zia

"Flying Meaners? Who are the Flying Meaners?" asked Felicity, but before Zia could answer she heard a bzzzz, bzzzz, bzzzz. "Oh no!" said Zia. "It's the Flying Meaners." Quick, run!"

Felix and Felicity ran and ran with all their might! While Zia flew as quick as she can above their heads. Zia said: "Head for that portal! Over there!" While they were on their way, they passed by a cupboard, Zia saw that King Book Fly's favourite book was gone! Zia yelled as hard as she could: "King Book Fly's book of mysteries is gone!" Everybody closed their books, straightened their glasses and rose up in the air.

The army got so scared they ran away as quick as they could. Except the chief just stood there, astonished to see his team running away! All of the Bookworm told him: "Hand over the book!" So he handed over the book and ran away, yelling and screaming in fright.

Felix, Felicity and Zia ran to the portal. They climbed the stairs and when they got to the top, they opened the book and decoded the key to open the portal. The key was the following: Bing ching ding. Zia said: "Bing ching ding, open up." The portal opened. Felix said: "Bye Zia! Thank you for saving us!"

Felix and Felicity jumped through the portal into their spaceship. "I enjoyed that adventure!" said Felicity. "I wonder what will be our next adventure?" said Felix. "I hope it will be fun."
