

IMIBUZO EBUZWA QHO NGEPHULO LONGENELELO NGONCEDO I-GROWTH MINDS (GM)

1

INGABA ZONKE IZIKOLO EZITYUNJIWEYO ZIYA KUXHOTYISWA NGOLWAZI NGENKQUBO YEPHULO LONGENELELO NGONCEDO I-GM LIKA-2022?

Ewe, kubalulekile gqitha ukuba zonke izikolo ziqhelaniswe ngayo yaye ziyiqonde ngokufanayo inkqubo yongenelelo ngoncedo. Umphathi weprojekthi yephulo i-GM wephondo kunye nekomiti yesithili baya kuququzelela iiseshoni zekhompnyutha. Ingcaciso ebhaliweyo iya kuthunyelwa kuzo zonke izikolo kusetyenziswa icandelwana i-Registry isayinwe yiNtsumpa-Jikelele (Superintendent-General) (SG). Unxibelelwano ngefoni kuzo zonke izikolo luya kulandelelwa nangokuthunyelwa kwe-imeyili.

2

INGABA IPHULO LONGENELELO NGONCEDO I-GM LENZELWE KUPHELA IZIKOLO EZIYI-30 EZITYUNJIWEYO EZIGUNYAZISWE NGU-SG UKULUNGISELELA U-2022?

Ewe, umhlaba ekujongwe kuwo luqeqesho kukufikelela kubo bonke abafundi abayi-11 yesigidi engadlulanga u-2025. Zonke izikolo ziya kuthi ekugqibeleni zibe yinxalenye yephulo longenelelo ngoncedo i-GM. Siya kuba nako ukubonelela izikolo eziyi-240 kuphela ngonyaka (izikolo eziyi-30 kwisithili ngasinye).

3

YINTONI ELINDELEKILEYO KWIZIKOLO NJENGENXALENYE YEPHULO LONGENELELO NGONCEDO I-GM?

Makuzaliswe iiPhowusta zephulo i-GM:

- I-ePoster 1: AmaBakala 4-9 (Makuzaliswe uvavanyo olwandlelwayo ngokubanzi oluqulethe imibuzo emine, uvavanyo lweMathematika oluqulethe imibuzo emihlanu, makubukelwe iividiyo ezimbini yaye kuzaliswe imisebenzi kunye nemisebenzi yokubethelela ulwazi phakathi koMatshi no-Apreli 2022.)
- I-ePoster 1: IBakala 12 (Makuzaliswe uvavanyo olwandlelwayo ngokubanzi oluqulethe imibuzo emine, makubukelwe iividiyo ezimbini yaye kuzaliswe imisebenzi kunye nemisebenzi yokubethelela ulwazi phakathi noMatshi no-Apreli 2022.)
- I-ePoster 2: AmaBakala 4-9 neBakala 12 (Makubukelwe iividiyo ezimbini yaye kugqitywe imisebenzi kunye nemisebenzi yokubethelela ulwazi phakathi koMeyi noJuni 2022.)
- I-ePoster 3: AmaBakala 4-9 (Makuzaliswe uvavanyo olwandlelwayo ngokubanzi oluqulethe imibuzo emine, uvavanyo lweMathematika oluqulethe imibuzo emihlanu, makubukelwe iividiyo enye yaye kuzaliswe imisebenzi kunye nemisebenzi yokubethelela ulwazi phakathi koJulayi no-Agasti 2022.)
- I-ePoster 3: IBakala 12 (Makuzaliswe uvavanyo olwandlelwayo ngokubanzi oluqulethe imibuzo emine, makubukelwe iividiyo enye yaye kugqitywe imisebenzi nemisebenzi yokubethelela impumelelo.)
- I-ePoster nganye iya kuthatha malunga nemizuzu eyi-45 ukuzaliswa. Yimizuzu eyi-3 x 45 kuphela yeeseshoni zonyaka.

INGABA YONKE IMIBUZO EKWIKHWESHINE YOVAVANYO OLWANDLALELAYO ISEKELWE PHEZU KWENDLELA YOKUZIPHATHA/KWINGCINGA (ATTITUDE) YOMFUNDI?

4

Ewe, zombini iikhweshine ziqulunqelwe ukuvavanya indlela yokuziphatha/indlela yokucinga/kwingcinga yomfundi yaye ayivavanyi buchule bomfundi kwiMathematika. Kufune siqinisekise ukuba abafundi baneembono ezakhayo ngobomi. Ngokuthatha inxaxheba kwiphulo longenelelo ngoncedo i-GM abafundi banokunyameka nangaphezulu yaye bazimisele, ukongeza kwilinge lokuqubisana nemingeni engaphezulu yokuziphuhlisa ngezakhono ngokuzimeleyo nokufunda ngokuzimeleyo. Ngoku, nangaphezulu kunakuqala, indlela yokucinga, ingcinga eyakhayo nokunyameka kwakho kuyafuneka ukumelana noxinzelelo kunye nokucinezeleka okubangelwa lifuthe likabhuhlane i-COVID-19. Abafundi kufuneka bazame ukwenza imisebenzi entsonkothileyo. Kufuneka sinike umfutho kwisayensi yokusebenza kwengqondo nemithamboluvo (neuroscience of learning) yokufunda kunye nomfutho kwinkqubo ngokubanzi (systemic impact). Abafundi kufuneka bacinge ngokwahlukileyo ngemfundo yabo.

5

INGABA KUFUNeka BONKE ABAFUNDI BALWENZE UVAVANYO OLWANDLALELAYO NOVAVANYO LOKUGQIBELA (UVAVANYO NGOKUBANZI NOLWEMATHEMATIKA) KUNYE NAYO YONKE IMISEBENZI EQUKA UKUBUKELA IVIDIYO?

Ewe, bonke abafundi bamaBakala 4-9 kufuneka bazalise zombini iimvavanyo neminye imisebenzi echaphazelekayo. Abafundi beBakala 12 kufuneka bagqibe kuphela uvavanyo olwandlalelayo ngokubanzi kunye neminye imisebenzi echaphazelekayo.

6

KUFUNeka UVAVANYO LWENZIWE KWIKHOMPHYUTHA OKANYE NGOKUBHALA EPHEPHENI?

Ngekhompyutha kuphela. Ukuba isikolo sikhetha ukuqala silwenza ngendlela yokubhala ephepheni, isikolo sinoxanduva lokulufaka kwikhompyutha emva koko. Isimo soqhagamshelwano (*connectivity*) kuya kwabelwana ngaso kuzo zonke izikolo ngexesha elifanelekileyo eliya kubonakalisa isimo se-LAN (*LAN status*) nezixhobo (*devices*) ezahlukileyo ezikhoyo esikolweni. Izikolo kufuneka zifowunele kwi-OFISI YEZONCEDO (*HELPDESK*) apha 021 483 4800 ukuba kukho iingxaki zoqhagamshelwano.

7

KUFUNeka ZIGCINWE PHI IIFOM ZOKUNIKA IMVUME?

Zonke iifom zokunika imvume, ezisetyenziswa ngabo bonke abafundi, abaneminyaka eyi-12 nabancinane, kufuneka zigcinwe/zifakwe kwifayili esikolweni ngokungqinelana neeprothokholi zokugcinwa kwamaxwebhu athile ngokunqatyisiweyo ngokhuseleko phambi kokuba kuqale ugenelelo ngoncedo.

8

NGUBANI EKUFUNeka IZIKOLO ZIQHAGAMSHELANE NAYE NGONCEDO OLUNGAPHEZULU?

NgamaGosa ajongene nephulo i-GM eZithili (*District GM Champions*):

Metropole South:	Brynn Mc Donald	021 370 2000
Metropole Central:	Irma Du Toit	021 514 6703
Metropole North:	Gwen Fisher	021 938 3000
Metropole East:	Melissa Luckhoff	023 348 4601
Overberg:	Annelien Crous	028 214 7300
Cape Winelands:	Janine Ontong	023 348 460
West Coast:	Nathan Erasmus	021 860 1200
Eden and Central Karoo:	Granville Petersen	044 803 8300
Umsebenzi osalingwayo kwaNdlunkulu:	Done Alard-Gilton	021 467 2641
UMPhati weProjekthi ye-Growth Mindset (GM) wePhondo kwaNdlunkulu	Noleen Dodgen	021 467 9321
