

2022 The year of learning

Leadership driving resilience

- 1 Staff and learners are punctual and present every school day.
- 2 Learning time is maximised.
- 3 Actively promoting a reading, writing and calculating culture in schools and at home.
- 4 Integrating technology and digital media with traditional instruction-led classroom activities.
- 5 Identifying low academic performance areas and barriers and the implementation of developmental strategies to help learners succeed.
- 6 Promoting self-directed and self-regulated learning.
- 7 Ensuring that the necessary psycho-social support and well-being networks are in place.
- 8 Creating a disciplined school environment which is values-driven.
- 9 Developing leadership in learners.
- 10 Increasing an awareness and experiences of the world of work.
- 11 Promoting COVID-19 adjusted after-school sport, arts and learning activities and encouraging learning through play.
- 12 Implementing a growth mindset.
