

ARABIC HG PAPER 2

The functional grammar section was extremely poorly answered. Educators should give more tests and assignments in functional grammar, focusing on the final examination.

Most of the candidates were poorly prepared for the prescribed work. There really is no excuse for any candidate to score low marks in the prescribed work and educators have to take full responsibility for their candidates' state of preparedness.

Educators must ensure that translations are done properly. Many candidates' translations of the verses of the Qurân, the Hadith and vocabulary were poorly done.

ARABIES HG Vraestel 2

Die funksionele grammatika-afdeling was baie swak beantwoord. Opvoeders moet definitief baie meer toetse en werkopdragte aan leerders gee, met die fokus op die finale eksamen.

Baie kandidate was swak voorberei vir die voorgeskrewe werk. Geen kandidaat moet lae punte behaal in die voorgeskrewe werk gedeeltes nie. Opvoeders moet ten volle die blaam dra wanneer leerders swak voorberei is vir die voorgeskrewewerk-afdelings.

Opvoeders moet verseker dat vertalings absoluut korrek is. Baie kandidate kon nie die verse van die Qurân, die Hadith en enkele woorde korrek vertaal nie.
